ACTION

**Ref:** STATE AND FEDERAL LEGISLATIVE MATTERS

**Issue:** Should the Commission take a position on the bills reported by staff?

**Recommendation:** After hearing the staff report, the Commission should consider positions it may want to take on bills or pending propositions on the June Primary election.

**Status Report on SB 1118 (Negrete McLeod) Airport Land Use Commission**  
**Commission Position: Conceptually Support:**

The Senate Local Government Committee scheduled a March 5 hearing on SB 1118. At the author's request, the Committee postponed the hearing to April 2 so that the author could amend the bill as introduced. On April 2, Commission staff testified on the Commission's behalf to support the bill. The bill, as amended, passed out of the Local Government Committee and will be heard next by the Appropriations Committee.

The bill, as heard by the Local Government Committee, was amended by the author to:

- Reinstate statutory language permitting an Airport Land Use Commission to be formed by a multi-county jurisdiction via a vote of the respective county board of supervisors and the city selection committee of mayors.
- Propose that beginning January 1, 2010, the bill would limit the authority of a board of supervisors and city selection committee of mayors to designate a body to assume the planning responsibilities of an airport land use commission. When a county board of supervisors and the mayors of the cities in that county agree that proper airport land use planning can be accomplished by an agency other than an ALUC, SB 1118 would require that the other agency must be a countywide body, as of January 1, 2010.
- Allow as of January 1, 2010, for a city to retain the ability of a city to assume an ALUC's duties if, before January 1, 2009, the county board of supervisors and the city councils in that county determined that:
  - the city could accomplish proper land use planning for an airport that meets Federal Aviation Administration (FAA) certification for specified standards,
  - has a noise compatibility program approved by FAA.

- Is owned and operated by an agency that is headquartered in another county.

The bill retained amendments from prior versions of the bill to:

- Repeal the authority for a county to exempt itself from the requirement to set up an ALUC.
- Repeal the exemption from the requirement to set up an ALUC for a county that has only one public use airport that's owned by a city.
- Repeals an exemption from the requirement to set up an ALUC in counties that contract with Caltrans' Division of Aeronautics.
- Require that a city or county must submit its proposed land use actions, regulations, and permits in the airport's vicinity to the ALUC for review and approval. Until an ALUC adopts an ACLUP for an airport
- Repeal the ability of a public agency in Marin County to overrule the Marin County ALUC by majority-vote of the public agency's governing body.

SB 1263	Ashburn	Intercity rail services: feeder buses.	Existing law authorizes the Department of Transportation to contract with Amtrak to provide intercity rail passenger services. Existing law also authorizes the department to provide funding to Amtrak to contract for feeder bus services operated in conjunction with the intercity trains, but subject to the restriction, among others, that the bus services be used only by passengers who are connecting to or from a train, subject to specified exceptions, including an exception for passengers traveling solely on the feeder bus between Sacramento and Lake Tahoe and intermediate points if no private intercity bus company provides bus service on that route.  This bill, with respect to feeder bus service contracted by Amtrak, would add an additional exception to allow passengers to travel solely by bus between the community of Lebec in Kern County and the City of Santa Clarita if no private intercity bus company provides bus service on that route. The bill would authorize the department to amend its contract with Amtrak for that purpose.	03/25/2008 From SEN on TRANS AND HOUSING: Do pass as amended to Committee on APPROPRIATIONS. 02/28/2008 To SENATE Committee on TRANSPORTATION AND HOUSING. 02/15/08 Introduced. SB 1316	Correa	Transportation Facilities: Tolls: Orange/Riverside	This bill would authorize the Orange County Transportation Authority to eliminate its rights, interests, and obligations in the Riverside County portion of the State Highway Route 91 toll lane. The bill would delete the 2030 limitation on issuance of bonds and collection of tolls, and would provide for the reversion of the toll lane under the authority's control to Caltrans when the franchise agreement ends. The bill would authorize toll revenues to be used for transportation purposes in the State Highway Route 91 Corridor  This bill would authorize the Riverside County Transportation Commission to impose tolls for 50 years and issue bonds on a toll lane on its portion of State Highway Route 91, subject to extensions if reauthorized by the Legislature, and would authorize toll revenues to be used for capital and operating expenses of the toll lane, including debt service, and for transportation purposes in the SR 91 Corridor extending east to State Highway Route 215.  The bill would require reversion of the toll lane to Caltrans after bonds are repaid unless tolls have been reauthorized by the Legislature.	04/01/2008 In SENATE. Read second time and amended.
